

Space Directory

Some of our partners don't fall neatly into either the Lunar or Martian categories. You'll find them here in the Space category.

Primary Partners

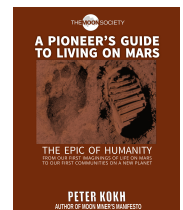

- [Alliance for Space Development \(ASD\)](#) – The Moon Society is a member of the Alliance.
- [Galaxis Aerospace](#) – The team at Galaxis manages a large aerospace network on social media, and we are proud to help them with their public outreach of space settlement and achieving multi-planetary status for humanity.
- [Emerging Technologies Sweden](#) – An Exponential Organization working to solve worldwide challenges.
- [Kepler Shipyards](#) – Engineering Space Applications to Explore and Settle New Worlds!
- [Marianne Dyson](#) – Award winning author and one of the original Moon Society members.
- [National Space Society \(NSS\)](#) – The Moon Society is an official affiliate of the NSS and we've worked closely with them on several projects.
- [Space Solar Power Institute \(SSPI\)](#) – The Moon Society and SSPI are working together to make Space Solar Power a reality.

Other space organizations (aka future partners)

- [CosmoQuest](#) (cosmoquest.org) – Citizen science! You can catch them on their [Twitch site](#). They also run [Astronomy Cast](#), which is a great way to find out what's happening in space science.
- [Space Development Network](#) (DevelopSpace.info)
- 4Frontiers Corp – (www.4frontierscorp.com/index.html) –
- [American Astronomical Society](#) (aas.org/)
- [Arch Mission](#) (www.archmission.org/)
- [Asgardia](#) (asgardia.space/en/) –
- [Asteroid Analytics](#) (www.asteroidanalytics.com/) – A neat website on how useful asteroids will be and how to prevent them from killing us all.
- [Astronomers Without Borders](#) (astronomerswithoutborders.org/)
- [Astronomical Society of the Pacific](#) (www.astrosociety.org) –
- [B612 Foundation](#) – (b612foundation.org/) – Organization devoted to protecting Earth from asteroid impacts
- [Brown University Planetary Sciences Group](#) (www.planetary.brown.edu/index.html)
- [Caelus Partners](#) (www.caeluspartners.com/) – Creating a “Community in Space” sounds good but the website has almost no information.
- [Canadian Space Society](#) (css.ca/)
- [Carl Sagan Institute](#) (carlsaganinstitute.org)
- [Chicago Society for Space Studies](#) (www.chicagospace.org/) – The largest space advocacy organization in Illinois and one of the oldest in the nation.
- [Citizens in Space](#) (www.citizensinspace.org/)
- [Coalition for Deep Space Exploration](#) (exploredeepspace.com)
- [Coalition to Save Manned Space](#) (www.savemannedspace.com/)
- [Commercial Spaceflight Federation](#) (www.commercialspaceflight.org)
- [Denver Space Society](#) (denverspacesociety.blogspot.com/)
- [Federation of Galaxy Explorers](#) (www.galaxyexplorers.org)
- [Galaxy Forum](#) (galaxyforum.org/about-us/) – Free public space science education events

Check out our new [YouTube Channel](#) with all the presentations from our recent Lunar Development Conference!

Moon Base Design Contest

The Moon Society has announced the winners of our Moon Base Design Contest, showcasing the best designs for a near-term Lunar Settlement using current or very-near-future technologies.
